Dear Parent/Guardian,

We are excited to be working with your youth's school to offer a Grand Canyon Youth (GCY) program. This packet includes helpful information for you and your youth as you prepare for this unique educational experience. GCY is a non-profit organization based in Flagstaff, Arizona. Our mission is to provide youth with an experiential education along the rivers and in the canyons of the Southwest. Our programs promote environmental awareness, community involvement, personal growth, and teamwork among people of diverse backgrounds.

Our educational philosophy is to inspire curiosity. This happens in innumerable ways. A young person has the opportunity to sleep under the stars, interact with their peers in new ways, gain confidence, overcome challenges, and build personal responsibility. We work collaboratively with teachers, students and administrators to set programmatic goals that meet their educational needs. All of our programs engage youth in a unique and valuable way. We look forward to sharing this participatory and transformative experience with your youth!

GCY has been offering place-based learning opportunities for over 15 years. We provide industry standard quality equipment such as life jackets, first aid kits, and satellite phones. In addition to the boats and safety equipment, we also provide waterproof bags, sleeping bag, tarp, and tents. All food is provided for the duration of the program. There are ample snacks and our menu has been reviewed by a licensed nutritionist. If your child has medical or dietary needs, please be sure to note their needs in the attached youth application. The items needed are listed in the enclosed packing list.

The most frequently asked questions are about safety. We have an excellent safety record. Most importantly, our attention to detail and safety-mindedness ensure that our program creates a safe learning environment. Our guides are all licensed and have advanced wilderness first aid training as well as a love for working with young people.

If you have any questions as you prepare for your trip, please don't hesitate to contact the teacher(s) or feel free to call the GCY office at 928.773.7921 or email programs@gcyouth.org. Our website, www.gcyouth.org is also a great resource.

Thank you,

Emma Wharton, MSW
Executive Director

What sets Grand Canyon Youth apart?

We have been providing quality experiential education for over fifteen years. Over two-thirds of the organization's funds are raised directly by Grand Canyon Youth; only one-third comes from participant fees. We expect our participants to actively earn their program through the completion of community service, earning a portion of the cost of the trip, and participating fully in the educational experience.

A little about the San Juan River

The San Juan River is located in southeastern Utah.

- ◆ The San Juan originates as a small stream beneath the Continental Divide near Pagosa Springs, Colorado.
- ◆ From the headwaters to the confluence with the Colorado River in Glen Canyon, the San Juan River is about 400 miles long.
- ◆ Mule Ear Diatreme is a prominent rock remnant of a subterranean gaseous explosion.
- ◆ Some animals that inhabit the San Juan River ecosystem include beaver, mule deer, coyote and rock squirrel.
- ◆ The San Juan River is at the heart of the Ancestral Puebloan culture.

The River Experience

Being on the river is taking a break from the hustle and bustle of everyday life. You will be traveling downstream in inflatable 16-foot oar rafts; there may also be a paddle boat or inflatable kayaks. While on your trip everyone will work together, helping with science projects and practicing outdoor cooking skills, among other things. Each night you will camp someplace new.

While many people come for the river experience, the hiking from the river is as spectacular as the rapids. Come ready to explore side canyons by foot. Hikes are what make a great trip extraordinary!

Physical Fitness/Level of Difficulty

It is helpful to be in good physical condition for your adventure. It is important to show up physically and mentally prepared to be outside and active, *everyday*. This is part of the fun, but can be challenging for some. We know you can do it, but we also know you will feel better about it if you arrive prepared for the challenge.

Emergency Procedures

Most emergencies can be prevented by taking care of ones self and listening to safety guidelines. There is a satellite phone and extensive first-aid materials on each trip. If you are nervous about any aspect of the program, please don't hesitate to contact us for more information.

Weather

The weather on the San Juan River is almost as varied as the place itself. Basically, you need to be prepared for any kind of weather. Packing layers will help you to adjust to the range of temperatures.

Packing

We have made every effort to minimize what you have to purchase prior to your trip. If you are unable to find any of the items on the list, we may have it for you to borrow. Remember, anything you bring with you might get lost or ruined; please leave things that are important to you like jewelry or a special hat at home. Items such as iPods, cell phones, watches, and wallets are intentionally left off the list. Leave these at home. Your "sleep kit," a waterproof bag with sleeping bag, tarp, and pad will be provided by GCY.

How to Pack

You should plan on bringing two bags for this trip. All of your clothes and camping items should be packed into a large plastic trash bag and labeled with your name. We will provide you with a waterproof bag to pack the contents of your trash bag once you get to the river. This bag will be *inaccessible* during the day, and you are limited to the space in one bag. Pack as lightly as possible! Things that you will want to have with you during the day should be packed in a small school-sized backpack. In your backpack put things like: sunscreen, lip balm, waterproof camera, inhaler, rain gear, etc. Keep in mind that things in the backpack will get wet.

Note about medications

Bring *two* sets of any necessary or prescription medications (ie: inhalers, Epi pens, psychotropic medications... etc.). One set will stay with you and the other will go with your teacher as a backup. GCY provides minor and major first aid kits. You do not need to bring any over-the-counter medications or first aid supplies.

Equipment List

We have many of these items at our office for you to borrow. Our intention is that parents do not need to spend money on items that you might not use again. Dressing in layers will help ensure comfort. GCY will provide sleeping bags, tents, and sleeping pads. Utilize thrift stores!

- **River shoes:** One pair of sport sandals with a thick sole and heel strap such as Tevas or Chacos.
- **Hiking shoes:** One pair of lightweight boots or athletic shoes with good traction on dirt and rock. Make sure they are already well worn in.
- **Two water bottles:** You need at least 2 quarts. A gallon orange juice container works well. Camelbacks are okay as long as you bring a spare water bottle.
- **Backpack:** School-sized backpack to carry items that you will want with you during the day.
- **Two carabineers:** This metal clip lets you attach your backpack and water bottle to the boat. You can find them at outdoor shops. Small ones are OK, but it needs to be bigger than a fun size Milky Way Bar.
- **Sun hat:** Preferably one with a large brim and a strap to keep from losing it in the wind. Bring a hat that you will wear. Wearing a hat during the day is required!
- **Hat:** Such as a “beanie” or ski cap in case you get cold.
- **Rain gear:** You’ll need both jacket and pants (ponchos don’t work on the river).
- **Fleece Jacket:** Bring 2, one that can get wet to wear during the day and one to stay dry at camp
- **Warm Layers:** Bring 1-2 sets of polypropylene/capilene long underwear
- **Socks:** For hiking and warmth. Bring 2 pairs.
- **Quick-dry shorts:** They should be made of nylon or fast-drying material (not cotton!). Athletic shorts and swim trunks work well. Bring 2-3 pair.
- **Bathing suits (girls):** *Be appropriate;* tying elements on swimsuits are not comfortable or recommended. Dark-colored, fast-drying sports bras work well as a bathing suit top. Bring 2-3.
- **Long-sleeved, lightweight, cotton shirts:** These are ideal for sun protection. Think men’s dress shirt. They are easily found at a thrift store. Bring 2-3. Wearing a shirt is required.
- **Lightweight cotton pants/Sarong:** These are ideal for sun protection and cooling off on hot summer days. Hospital scrub bottoms work well. Bring 1-2.
- **T-shirt:** You wear these primarily at camp. Bring 1-2.
- **Underwear:** 3 pairs
- **Bandana:** To wet and tie around your neck, wear under your hat to keep cool or as a washcloth.
- **Waterproof (disposable) camera(s)**
- **Sunglasses**
- **Eyeglasses** (if you wear them). If you wear contact lenses, bring an extra set.
- **Retention device** for your sunglasses and/or eyeglasses so you don’t lose them in the river. These are sometimes called “Chums” or “Croakies.”
- **Personal toiletries:** Including a toothbrush, toothpaste, body soap, shampoo, leave-in conditioner, feminine products (tampons with cardboard applicators or O.B. tampons are suggested). Choose travel-size and biodegradable products when available (such as Dr. Bronner’s soap).
- **Personal medications- YOUTH MUST BRING TWO SETS OF PRESCRIBED MEDICATIONS. YOUTH MUST BE ABLE TO SELF ADMINSTER ALL MEDICATIONS.**
- **Sunscreen:** A minimum of 15 SPF is required.
- **Ziploc bags:** Two or three 1-gallon for storage. Also bring a couple of plastic grocery bags for dirty clothes and shoes.
- **Small flashlight or headlamp:** Pack it with a new set of batteries and they should last the tri

Participant Agreement, Release & Assumption of Risk

In consideration of the services of Grand Canyon Youth, their agents, owners, officers, volunteers, participants, employees, and all other persons or entities acting in any capacity on their behalf (hereinafter collectively referred to as "GCY"), I hereby agree to release, indemnify, and discharge GCY, on behalf of myself, my spouse/partner, my child, my parents, my heirs, assigns, personal representatives and estate as follows:

1. **Assumption of Risk:** I, _____ (parent/legal guardian), on behalf of myself and on behalf of my child, acknowledge that going on a river trip and all other activities related to, associated with, and/or essential to participation in a GCY program (hereinafter "Activity"), entails known and unanticipated risks that could result in: physical or emotional injury, paralysis, death, or damage to myself, property or to third parties. I understand that such risks cannot be eliminated without jeopardizing the essential qualities of the activity. I, on behalf of myself and my child, voluntarily accept personal responsibility for any liability, injury, loss, or damage in any way resulting from my participation in the Activity and related transport.

My initial below signifies that I expressly agree to section 1, above, that I know the implications of section 1, that I understand the language of section 1 and that I voluntarily accept the terms of section 1.

Parent's initials _____ ☀

2. **Identification of Risks:** I understand that there are certain dangers, hazards, and risks inherent in the Activity and related transportation. I understand that such dangers, hazards, and risks may involve risk of injury and loss, both to person and property. I further understand that the risk of injury may include the possibility of permanent disability and death. There may be other risks not known or not reasonably foreseeable at this time. I further understand that GCY does not assume responsibility for any such injuries or loss.

Although every attempt will be made by GCY to ensure the health and safety of the participants, I understand that injuries and accidents may occur. Foreseeable risks include, among other things: whitewater rapids, turbulent water, and river currents. I can be jolted, jarred, bounced and shaken about during rides through rapids. It is possible that I could be injured if I come in contact or collide with storage containers, boat frames, oars, oarlocks or other equipment and supplies necessary to the operation of the expedition and outfitting the program. Rafts could capsize or I could be "washed" overboard into the water. Prolonged exposure to cold water can result in shock or hypothermia and in extreme cases can cause death and accidental drowning.

I can slip or fall during a hike or at camp; accidents can occur getting on and off the raft all of which can result in damage to equipment or personal injury. Exposure to the natural elements can be uncomfortable and/ or harmful. I am aware that this exposure could cause sunburn, dehydration, heat exhaustion, heat stroke, and death. GCY is not responsible for acts of nature, including but not limited to contact with flora & fauna. Furthermore, GCY employees have difficult jobs to perform. They seek safety, but they are not infallible. They might be unaware of a participant's fitness or abilities. They might misjudge the weather, river, or environmental conditions. They may give incomplete warnings or instructions and the equipment being used might malfunction. In addition, there are risks involved in traveling to and from the river or other destinations, including but not limited to airplanes and ground transportation such as automobiles, bus, shuttles, and personal transport. Significant elevation changes may be experienced through participation in this program. There are risks involved in completing the pre-trip requirements such as but not limited to community service and fundraising. Further, I understand that GCY is not responsible for the behaviors of any of its participants or the consequences of their actions.

My initial below signifies that I expressly agree to section 2, above, that I know the implications of section 2, that I understand the language of section 2 and that I voluntarily accept the terms of section 2.

My initial below signifies that I expressly agree to section 3, above, that I know the implications of section 3, that I understand the language of section 3 and that I voluntarily accept the terms of section 3.

Should GCY or anyone acting on their behalf, be required to incur attorney's fees and costs to enforce this agreement, I agree to indemnify and hold them harmless for all such fees and costs.

My initial below signifies that I expressly agree to section 4 above, that I know the implications of section 4, that I understand the language of section 4, and that I voluntarily accept the terms of section 4.
