

Packing for Your GCY Expedition

Glen Canyon Overnight

How to Pack

Bring one bag for this expedition. **All** of your personal items should be packed into a **small backpack**. GCY will provide you with a waterproof “dry bag” with a sleep kit inside, once you get to camp. We suggest lining backpacks with a trash bag and using Ziploc bags for extra moisture protection for the boat-ride up to camp. Space is limited, pack as lightly as possible!

A sturdy school backpack (right) with your personal items will be packed into a dry bag (left) while on the boats. Think about lining this bag with a trash bag to keep items dry when they're not in a dry bag.

**Bags are not to scale*

GCY Will Provide...

A Personal Flotation Device (PFD) and a dry bag containing a sleeping bag, sleeping pad, and ground tarp. Tents are available, but most groups will sleep out under the stars! Other gear coming along includes boats, a full kitchen, a wilderness bathroom (“groover”), all food and snacks, drinking water, and a kit of games, books, and art supplies.

Borrowing from GCY

Please check with GCY before purchasing any items: we have many items available to borrow at our warehouse, including river shoes and rain gear. We know that kids grow quickly and purchasing outdoor gear can be a burden. Work with your Trip Coordinator to request items, or stop by GCY to try things on.

Do Not Bring

If you do not see an item on the Equipment List, it is because **we have intentionally left it off**. Avoid bringing heavy clothing, towels, jeans, nice shoes, or leather boots. GCY expeditions are intentionally technology free, so please do not bring any electronics (cell phones, gaming devices, etc.). Anything you bring may get lost or ruined! Also leave behind all money, wallets, and other valuables. GCY will provide plenty of snacks, so **leave all food and drinks** at home as well.

Medications

Please bring TWO SETS of any prescription medications (inhalers, Epi-pens, daily medications, etc.). One set will stay with you and the other will go with your Trip Coordinator as backup. **Youth must be able to manage and administer their own medications**, unless otherwise agreed or documented in medication communication plan with collaborating organizations. GCY staff does not administer medication except in the event of specified emergencies, or where a participant requests reasonable assistance in self-administration of medications.
