

Packing for Your GCY Expedition

4-6 Days

How to Pack

GCY recommends packing into two bags - your first bag should be a **backpack that will** have everything in it that you will need for the day- keep in mind, whatever goes in here might get wet. Your second bag should be a **trash bag or soft gym bag** - this will have all of your overnight items in it. Your second bag will go inside of a waterproof dry bag (see photo below) which is why we recommend having a bag that easily fits inside of something like our drybag. Space is limited, so try to pack as lightly as possible!

Left: Your "camp bag" with personal items will be packed into a dry bag, then rolled and buckled to stay dry.

Right: A sturdy school backpack works perfectly as a "day pack."

**Bags are not to scale*

GCY Will Provide...

A Personal Flotation Device (PFD) and a dry bag containing a sleeping bag, sleeping pad, and ground tarp. Tents are available, but most groups will sleep out under the stars! Other gear coming along includes boats, a full kitchen, a wilderness bathroom ("groover"), all food and snacks, first aid supplies, drinking water, and a kit of games, books, and art supplies.

Borrowing from GCY

Please check with GCY before purchasing any items: we have many items available to borrow, including river shoes and rain gear. We know that kids grow quickly and purchasing outdoor gear can be a burden. Work with your Trip Coordinator to request items, or stop by GCY to try things on.

Do Not Bring

If you do not see an item on the Equipment List, it is because **we have intentionally left it off**. Avoid bringing heavy clothing, towels, jeans, nice shoes, or leather boots. GCY expeditions are intentionally technology free, so please do not bring any electronics (cell phones, gaming devices, etc.). Anything you bring may get lost or ruined! Also leave behind all money, wallets, and other valuables. GCY will provide plenty of snacks, so **leave all food and drinks** at home as well.

Medications

Please bring TWO SETS of any prescription medications (inhalers, Epi-pens, daily medications, etc.). One set will stay with you and the other will go with your Trip Coordinator as backup. **Youth must be able to manage and administer their own medications**, unless otherwise agreed or documented in medication communication plan with collaborating organizations. GCY staff does not administer medication except in the event of specified emergencies, or where a participant requests reasonable assistance in self-administration of medications.
